HOCKEY COACHING

throughout the year!

The main objectives of Take Aim Hockey is to improve skills, self-confidence, concentration, communication and love for the game.

To develop future players with character, courage and compassion.

To build a positive team environment, incorporating passion, fairness, determination and fostering strong sportsmanship values.

Inspiring children to be the best they can be, winning and losing with dignity and respect.

Our Pre-primary program gets you ready for primary school hockey. (Coaching done at pre-schools)

GR 1 - Gr 7 improving skills and game play.
(Coaching done at JF High School on Fridays)

REGISTRATIONS OPEN FOR 2025!

**Sport isn't just good for the child's body but for their mind!
An active child is a healthy and happy child!**

BLAZE ACADEMY

EARLY INTERVENTION CENTER

BLAZE EARLY INTERVENTION CENTER

Our center strives to provide accountable early therapeutic intervention to young autistic children. By providing early specialised intervention across all the main developmental domains we aim to give our children the best possible foundation for learning and growth to reach their individual potential.

BLAZE EARLY INTERVENTION PRINCIPLES

- Individual facilitation and support
- Developmentally guided
- Holistic approach including all developmental domains
- Small class groups
- Accountable and evidence-based
- Neuro-affirmative approach

JOIN THE BLAZE EARLY INTERVENTION CENTER:

Charene: 082 567 5639
Marinda: 076 432 6708

Where play provides endless
learning opportunities!

FINE MOTOR DEVELOPMENT

Developing the strength and function of a variety of hand grips are targeted to encourage exploration and independence.

GROSS MOTOR DEVELOPMENT

Our daily gross motor programme targets motor planning, balance and stability, strength and coordination of gross motor movements. This programme is therapeutically developed and guided to ensure each learners' needs are met.

SENSORY PROCESSING AND REGULATION

Our occupational therapist is certified in sensory integration therapy. Our daily learning programme includes a variety of proprioceptive, vestibular, and tactile input activities to support the development and regulation of our learners' sensory systems.

PLAY AND PEER INTERACTION

Our children learn through play and play becomes a means for peer interaction.
